

We are now offering a full-time permanent position as

PARAGLIDER TEST PILOT (M/F/D)

Skywalk, a leading manufacturer of paragliders. We are looking for an experienced and passionate test pilot (m/f/d) who wants to combine their passion for paragliding with their professional life.

As a test pilot at Skywalk, you will be responsible for conducting tests, working in the development process, and monitoring the serial production of our paragliders. As a member of the development team, you will play a key role in ensuring that Skywalk remains a leading provider in the paragliding industry.

REQUIREMENTS:

- × Minimum of 5 years of experience in paragliding, ideally also as a test pilot, with a flight duration of >200h per year
- × Ability to fly defined maneuvers as replicably as possible
- × Strong skills for the objective analysis of flight data and flight behavior
- × Comprehensive experience in paragliding under various conditions (thermal, flatland, mountains, etc.)
- × Manual dexterity required
- × Successful completion of at least one high-performance flight course
- × Successful participation in national or international competitions (competitive flying is not a prerequisite)
- × Passion for paragliding and the ability to transfer this enthusiasm to others
- × Communication skills and team spirit
- × Flexibility and willingness to travel for test flights

OUR OFFER:

- × An internationally successful company in the sports industry
- × A challenging, varied activity in a dynamic and dedicated team
- × The opportunity to use your passion and expertise for paragliding in your work
- × Personal development opportunities
- × Attractive remuneration and social benefits
- × Own canteen with freshly prepared dishes every day
- × Very high recreational value due to the location between the Alps and Lake Chiemsee

If you are ready to combine your passion for paragliding with your profession and become part of a leading company in the industry, then apply now to Skywalk. Please send your complete application documents, including your salary expectations to hr@skywalk.org

Skywalk GmbH & Co. KG was founded in 2001 and is a trendsetter in the paragliding and kitesurfing sectors with its business areas skywalk paragliders, FLYSURFER, and FLARE. The enthusiasm for air and wind power, development, and balance is the basis of our success and togetherness.
